### COMMUNICATION

The following is a verbatim extract from the record in the Rock-Carney case as to what occurred upon the motion made by the defendant for a directed verdict, and of exactly the concession made in that connection.

Mr. Cummins: But believing on both sides that the legal question could be disposed of at this time if the Court should perchance agree with the contention of defendant, otherwise the case to go on and for that purpose Counsel for the plaintiff have agreed that it may be conceded upon the record for the purposes of this motion in this Court or on appeal, that Dr. Carney made an examination of the plaintiff at the time that plaintiff testified to and made a finding of act, that the plaintiff was then affected with gonorrhea; of course this is understood to be for the purposes of this motion only. And if the case were to go on that that question would still be as open as it ever was. If it was open before, it would still be open.

### Summer Complaint in Children

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell of Butler, Tenn., says: "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose."

## GOITRE

Reduced for This Ann Arbor Lady  
By External Home Remedy.

Note: It would be illegal to publish these statements if they were not true.

Mrs. Wm. Stewart, 703 Spring st., Ann Arbor, Mich., says in her own home paper, The Ann Arbor Times News: "I had a lump on my neck the size of a large egg and as hard as a rock. I doctored it for five years and it kept getting larger. I have used only one-half bottle of Sorbol Quadruple, and it has reduced more than half. I noticed it getting smaller the second day. You can use my testimony any time you wish. I think all goitre sufferers should know about Sorbol Quadruple."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with daily work. Leaves the parts in healthful, normal condition. Easy to use. Requires 10 minutes daily.

### Alienists' Test.

It is a common thing for an alienist to demand a specimen of handwriting in order to help him determine whether his patient has delusions, is insane, or is carried away by certain emotions or any abnormality. And there is a reason for this. It has been proved many times that there is a distinct relation between the nerves of the brain and those of the hand, so that a man's writing reflects his mental temperament.

### Get the Daily Walk Habit.

"A daily walk is infinitely superior in its health-giving effects to the daily asperient and is also more beneficial than working for some time at high tension or than even taking a long rest. Working in spurts and playing or resting in spurts, as the American usually does, is not good practice. Business men and women should ration their outdoor exercise, and the exercise could take the form of walking."—Exchange.
